T.R.A. DOCKET ROOM

IN RE: *Petition of King's Chapel Capacity,*)
LLC for Certificate of Convenience and)
Necessity to Serve an Area in Williamson,)
County, Tennessee Known as Ashby Community)

Docket No. 04-00335

NOTICE OF WITHDRAWAL OF TENNESSEE WASTEWATER SYSTEMS, INC.

At the request of King's Chapel Capacity ("King's Chapel"), Tennessee Wastewater Systems, Inc. ("TWS") withdraws as a party to this proceeding.

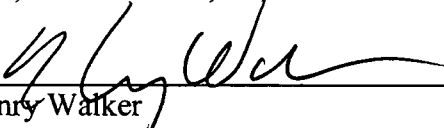

As TWS has previously advised the Authority (filing of July 25, 2005), TWS and King's Chapel have reached a settlement regarding the above-captioned application. Pursuant to the settlement agreement, TWS no longer objects to the application filed by King's Chapel as long as King's Chapel does not seek "a revision or change of the geographic area and number of customers to be served" as set forth in the initial application. Settlement Agreement, paragraph 6. Although TWS has withdrawn its objection to the application, TWS has remained a party to this proceeding "for purposes consistent with the settlement" (filing of July 25, 2005) ie., for the purpose of monitoring the proceedings to insure that King's Chapel does not seek "a revision or change of the geographic area and number of customers to be served."

King's Chapel has recently informed TWS that, as long as TWS remains a party to the proceeding, the TRA staff does not believe it appropriate to have ex parte discussions about the application with representatives of King's Chapel and that, as a result, the staff's investigation of the application may take longer than it otherwise would. For that reason, King's Chapel has requested, and TWS has agreed, that TWS will withdraw as a party.

TWS, of course, will continue to review the public filings and will seek leave to intervene if, but only if, TWS believes that King's Chapel is not abiding by the settlement agreement.

Respectfully submitted,
BOULT, CUMMINGS, CONNERS & BERRY, PLC
